A world-class education
A vibrant city campus
The support to help you thrive
Haylee Gosnell, Indianapolis, IN

Haylee is majoring in elementary education, with concentrations in math and science. She hopes to become a middle school science teacher in an urban setting.

“When I started taking classes on the IUPUI campus, I was happy that it didn’t feel like a second version of high school or a college bubble. There are real-life professionals commuting to work at businesses, schools, and hospitals all around us every day.”

CHOSE FROM TWO POWERFUL DEGREES

IUPUI offers top-notch academic programs from Indiana and Purdue University. As a student here, you can pursue degree options from Purdue, IUPUI, or both!

Two schools offer Purdue programs: the School of Engineering and Technology and the School of Science. There you’ll find the best Purdue has to offer, including a variety of biology, computer science, and engineering degrees.

Or find your home among one of the 14 schools that offer Indiana University degrees, including top programs in business, education, and social work.

You’ll also find a number of options only available at IUPUI, including degrees in philanthropic studies and music technology. Our University Graduate School offers more than 315 graduate and professional degrees and certifications.

EVERYTHING YOU COULD WANT IN A COLLEGE EXPERIENCE—AND MORE

At IUPUI, you’re part of a diverse and global community that has everything you’d find on a traditional college campus—with the added excitement and opportunities that a big city brings.

YOU Gotta REGATTA

Every September, we have our own kind of homecoming celebration. Our community converges on the canal in downtown Indianapolis for the IUPUI Regatta, a half-mile canoe race that raises funds for student scholarships.

STAY FIT AND CHEER LOUDLY

You can play intramural sports, take group fitness classes, and work out at facilities like the Campus Center’s 10,000-square-foot fitness center, the National Institute for Fitness and Sports (NIFS), and the IU Natatorium swimming complex. And if you’d rather watch sports than play them, you can cheer on your fellow Jaguars as they compete in 18 Division I sports.

Haylee Gosnell, Indianapolis, IN

Haylee is majoring in elementary education, with concentrations in math and science. She hopes to become a middle school science teacher in an urban setting.

“...I was happy that it didn’t feel like a second version of high school or a college bubble. There are real-life professionals commuting to work at businesses, schools, and hospitals all around us every day.”
THE INNOVATIVE CITY WE ARE PROUD TO CALL OUR HOME

Take a few steps off campus and you’ll find yourself in the heart of Indiana’s capital city. Indianapolis has hundreds of companies and nonprofit organizations, both small and large. And they’re eager for the talent and energy you can bring to their organization—during school and after you graduate.

You’ll also find countless options for entertainment and relaxation. Take a gondola ride on the canal. Browse one of our world-class museums. Choose a culinary adventure from our wealth of restaurant pop-ups and venues. There’s no end to the possibilities that surround you.

Learn more about why you’ll love Indy: go.iupui.edu/city

A dynamic college campus. An engaging educational experience. A location in the heart of the Midwest’s 2nd-largest city that puts even bigger opportunities within walking distance.

There’s more than you ever dreamed of at IUPUI.

We combine the best of Indiana’s two major universities—Indiana University and Purdue University—to offer academic excellence you can afford. You’ll find unparalleled support as you navigate the wealth of academic, housing, and cultural opportunities available to shape your college experience.

You can have it all at IUPUI.
Jaguars find ways to get involved, make connections, and make a difference. When you are part of this community, you rise to new challenges, push yourself beyond your comfort zone, and work together to create a safe, welcoming environment for everyone.

Take a deeper dive into Jaguar life—wellness services, student job opportunities, and more: go.iupui.edu/jaglife

NEVER GET BORED
Two dozen fraternity and sorority chapters. Women in Business. Psychology Club. Black Student Union. With 575+ student organizations at IUPUI, you’re sure to find one where you can pursue your passions, connect with classmates, and develop valuable skills.

FIND A PLACE TO CALL HOME
Want to experience Jag life to its fullest? Live on campus. All housing options—including residence halls and apartments—are open to first-year students. You can even choose a Residential Based Learning Community (RBLC) to find people who share your interests.

Admitted students may apply for housing online starting November 1, with priority consideration if you complete your application before March 15.

housing.iupui.edu

NOURISH YOUR BODY AND MIND
More than 100 restaurants throughout downtown Indy accept CrimsonCard, giving you access to opportunities for culinary adventure, from eclectic farm-to-table cuisine to classic diner fare. On-campus options are also diverse, plentiful, and a demonstration of IUPUI’s commitment to sustainability practices through eco-friendly packaging, a food waste reduction program, and more.

We want to help you cultivate a healthy body and mind. On campus, you have easy access to a number of recreation facilities, club sports, and fitness classes, as well as health and wellness centers that provide medical and mental health services and education.

A WELCOMING PLACE FOR ALL
We want all members of our diverse campus community to have the resources and support they need to succeed at IUPUI.

- The Multicultural Center promotes diversity education and multicultural awareness.
- The LGBTQ+ Center promotes inclusion by providing support, resources, and education.
- The Office for Veterans & Military Personnel (OVMP) fosters smooth transitions for IUPUI military-connected students by providing resources for personal well-being, academic success, and career preparation. It also serves military dependents with VA Education Benefits.
- The Center for Transfer and Adult Students supports adult and online students on their journey to complete their degree.
- Adaptive Educational Services helps people who are differently abled or have learning differences.

Barbra Edumanichukwu, Terre Haute, IN
Barbra is a General Studies major, with minors in Mathematics and Africana Studies. She plans to pursue a career in medicine as an anesthesiologist. As an Olaniyan Scholar, she has done research on depression and anxiety specific to black students.

“Initially, I chose IUPUI because it was close to home and my family, but I stayed because of the community. It’s like a family away from home—they treat you like one of their own. The faculty members are very helpful and want you to succeed.”
At Indiana's premier school of art and design, you'll find creative spaces and passionate, accomplished educators who will help you hone your craft, adopt new technologies, and prepare for a meaningful career in visual arts.

A RECORD OF EXPERIENCE

Work on the pit crew for an IndyCar driver. Learn about the hospitality industry on a five-star cruise. Get a firsthand look at the inner workings of government at the state capitol. IUPUI recognizes the value of taking what you learn in the classroom into real-world, engaged experiences.

Our Experiential and Applied Learning Record (known as “The Record”) allows you to formally document and verify your involvement in real-world learning. When you graduate, “The Record” gives you much more than a transcript to share with potential employers.

gotengaged.iupui.edu

DUAL DEGREE ADVANTAGE

Employers increasingly seek college graduates with a combination of technical skills and “soft skills,” such as critical thinking and cultural understanding. The dual degree advantage provides you with the opportunity to accelerate in all areas. You earn two degrees—one in your first school and the other in liberal arts—without additional expense or time.

Undergraduate certificate program
Ivy Tech transfer partnership
AFFORDABILITY, QUALITY, VALUE

As the home of two world-class institutions with a mission to provide broad access to higher education, we strive to make IUPUI affordable by keeping tuition low, offering a substantial amount of financial aid, and providing programs to help minimize your debt.

FINANCIAL AID DEADLINES
To ensure you’re maximizing the amount of aid you can receive, apply by these deadlines.

November 1: Honors College priority deadline—all required materials for admission to IUPUI must be submitted by this date.

November 15: Priority date for full merit aid consideration. Additional Honors College application materials due.

February 15: Deadline to apply for admission-based scholarships.

DETERMINE YOUR COSTS
The amount you pay depends on several factors, including your degree program and your residency (whether you live in Indiana or outside Indiana). To get an idea of what your costs might be—and how much aid you may receive—use our net price calculator at go.iupui.edu/npc.

MAXIMIZE SCHOLARSHIP POTENTIAL
You may be eligible for a number of IUPUI scholarships.

Admission-based scholarships are automatically awarded based on your high school GPA upon successful admission. To be considered, apply by February 15.

Apply to IUPUI early if you plan to complete the Honors College Admission and Scholarship Application. You must be admitted to IUPUI no later than November 1 to apply for Honors College Scholarships, which are awarded on a competitive basis to high-achieving incoming freshmen. The Honors College Admission and Scholarship Application deadline is November 15.

Competitive and diversity scholarships are available and may be awarded based on your major, financial need, academic performance, and/or extracurricular activities. Some require an essay specific to the scholarship. You can search these opportunities and apply through our online scholarship system. go.iupui.edu/scholars

SAVE WITH THE MSEP AWARD
If you are a nonresident student living in a state that participates in the Midwest Student Exchange Program (MSEP), or in Illinois, Kentucky, or Michigan, you could save more than $64,000 on tuition across four years. Students who meet GPA criteria receive this notable award upon successful admission. No separate application is needed. go.iupui.edu/msep

MAKE THE MOST OF YOUR NEED-BASED FINANCIAL AID ELIGIBILITY
File the Free Application for Federal Student Aid (FAFSA) to be considered for need-based grants offered by IUPUI, in addition to federal and state financial aid programs. fafsa.gov

We begin sending financial aid notices in mid-December, so the sooner you file the FAFSA, the sooner you receive your aid package. go.iupui.edu/scholars
Indianapolis is not just a great place to go to school; it’s the capital and economic hub of Indiana.

Indy is home to government offices, several major health care systems, professional sports teams, the National Collegiate Athletic Association, and the corporate headquarters of Fortune 500 companies such as Anthem and Eli Lilly. So when it’s time to get internships and other hands-on work experience that will give you a head start on your career, you’ll find many of them within walking distance of the IUPUI campus.

You’ll also have opportunities to strengthen the connections between our campus and the city. Through service-learning courses and volunteer opportunities, you’ll work with our community partners to improve the quality of life in central Indiana.

The whole city is your classroom.

go.iupui.edu/indy

Stephen Morrow,
Chicago, IL

Stephen is studying Human Resource Management, International Studies, and Economics. He plans to pursue a master’s in industrial organizational psychology at IUPUI.

“I chose IUPUI because of the amount of opportunities that I can receive. Being in the downtown area really allows for collaboration between the college and the city of Indianapolis.”
Our virtual and on-site tours are designed to help you understand the scope of opportunities you will find here (and give you the inside scoop).

Representatives of Undergraduate Admissions are available to tell you all about Jag Life in downtown Indianapolis and answer any questions you might have, virtually or in person. Our 90-minute walking tours are led by IUPUI students. You’ll see classroom buildings, get a sneak peek at some of the residence halls, and learn what being a student here is all about.
