450+ ACADEMIC PROGRAMS

100+ MINORS

60+ ONLINE PROGRAMS

16 DEGREE-CREDITING SCHOOLS

The major you want, the job and networking opportunities you require, and the support resources you need to complete your degree. IUPUI offers the college experience you expect at an affordable cost.

We’re in the heart of the nation’s 16th-largest city, putting career opportunities with major corporations and unique startups within walking distance for our students. You’ll find support and a strong sense of community as you navigate a wealth of academic and cultural opportunities.

You’ll also have two powerful degrees to choose from: Indiana University, Purdue University, or both!

WHERE YOU FINISH MATTERS

IT’S NOT WHERE YOU START BUT WHERE YOU FINISH

IUPUI is where you finish your degree.

We have the most transfer students of any university in Indiana. No matter where they start, they choose IUPUI because it is the right place to complete their education.

Whether you’re looking for an excellent academic program that better fits your goals, the broad career options available in a metropolitan city, or a supportive environment that helps you navigate college life, once you make the decision to transfer, we immediately welcome you to the Jaguar community. You’ll find support in the Office of Undergraduate Admissions and the Center for Transfer and Adult Students (CTAS), which make sure the transfer process is clear and you are connected to the academic, housing, financial, and community resources you need.

Each student takes a different road to get here, and every college experience at IUPUI is unique. We make sure they’re all successful.

FROM THERE TO HERE

When you decide that IUPUI is where you want to finish your education journey, we’re ready to help you through the simple application and transfer credit process.

APPLYING FOR ADMISSION
Whether you started at a four-year university, community college, or another IU campus, take your first step towards transferring at admissions.iupui.edu. From there, you will:

• Use our online application, ApplyIU, to apply to IUPUI and pay your non-refundable application fee
• Submit all official transcripts (including any credit taken during high school) to mycredit@iupui.edu or mail to 425 University Boulevard, Indianapolis, IN 46202
• If you have completed less than 26 credit hours you will also submit your final high school transcript
• Make sure you apply before the deadline

Guidelines for determining transfer credits:

• The school where you completed the coursework must be accredited by a regional accrediting organization recognized by the Council for Higher Education Accreditation
• Coursework should be equivalent to an IU or Purdue course; coursework that is transferable but has no equivalent may be transferred as undistributed credit, which requires department review for applicability
• You must have received a grade of C or better in a course to receive credit for it (unless you are transferring from another Purdue campus and enrolling in a Purdue program at IUPUI)

Explore how your credits might transfer using a course equivalency guide—use TransferIN if you’re transferring from a public college or university in Indiana, or the Transfer Rule Catalog if you’re transferring from a private college or university or an out-of-state school. Learn more about IUPUI transfer guidelines and use our Transfer Credit Check Services at go.iupui.edu/credits.

MAXIMIZE YOUR SCHOLARSHIP POTENTIAL
The Jaguar Transfer Excellence Award is an admission-based scholarship available to all incoming students transferring to IUPUI from another college or university outside of the IU system. The JTEA is renewable for up to two years, awarding $2,000 per year. This scholarship is automatically awarded to qualified students at the time of admission.

Requirements: A minimum 3.0 college GPA and a minimum of 26 credit hours completed. Deadline: July 15

APPLICATION DEADLINES
Fall semester—June 1
Spring semester—December 1
Summer session I—March 15
Summer session II—May 1

UNDERSTAND YOUR TRANSFER CREDITS
After applying and submitting your transcripts, the Office of Undergraduate Admissions will review them to determine whether you receive transfer credits. The school or department that houses your major then decides how your credits will apply to your degree requirements.
YOU BELONG AT IUPUI

The road leading to this moment has given you experience and perspective. You know that you need a university that offers diverse programs, job opportunities, and resources that support the specific demands of a transfer student. Make the move and upgrade your collegiate wear with some Jaguar gear.

There are many ways to learn more about what IUPUI offers and how you fit in the Jaguar community. Try a traditional walking tour of campus led by students, a virtual visit with our staff, or a video tour from the comfort of your home. Discover the many resources on campus and how accessible the city is to students. Meet with our transfer support team and plan your move to IUPUI. Find out about these options and more at admissions.iupui.edu/visit.
